PRECAST CONCRETE JERSEY BARRIER CUM FENCE

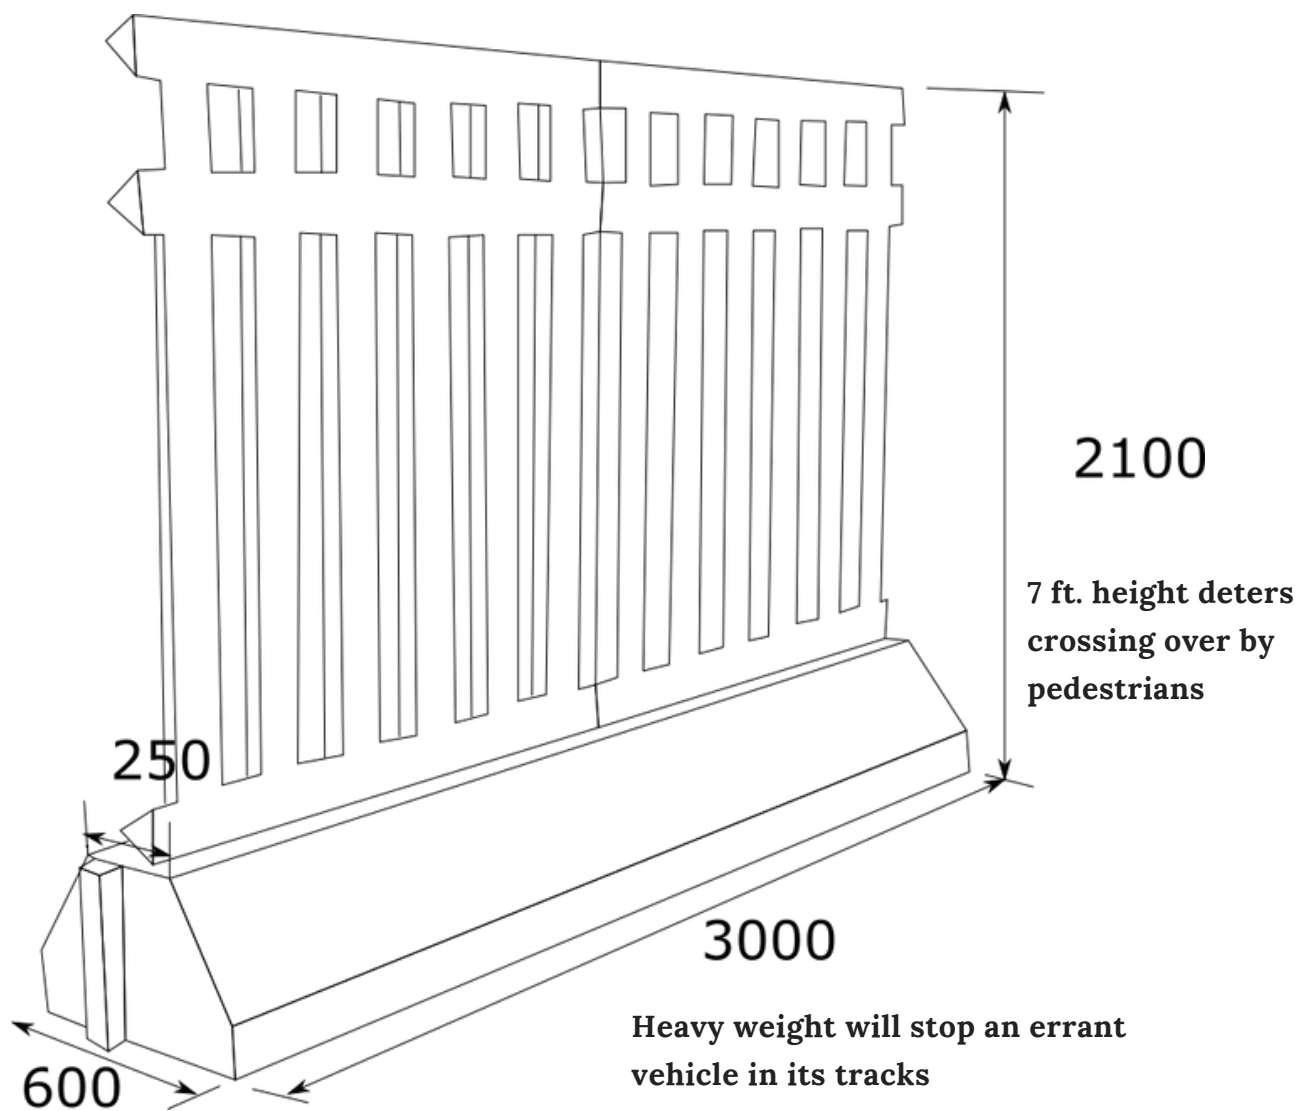

*A Substitute for Steel Fencing/ Jersey Barrier/
Railings/W-Beam Guards on Highways & Other Roads*

Our new concept known as Jersey Barrier Cum Fence is a fast & effective solution for using on central verge of roads or footpaths. It integrates the functions of two products into one. It prevents fast moving commercial vehicles from crossing into the road on the other side and at the same time prevents pedestrians from crossing the road except at designated places.

SALIENT FEATURES

Modular construction allows easy assembly at site

See through grill can be affixed with reflective tape for enhanced night time visibility

Interlocking due to the tongue & groove joint
